OS Buildings *Surveyed Buildings*
This survey has been orientated/graphically fitted to the Ordnance Survey (O.S) digital tile. This is to show the survey in context with its surrounding as depicted on the O.S mapping
Although O.S coordinates are shown on this plan the grid is to be treated as arbitrary.
No scale factor has been applied to the survey therefore the coordinates shown are not true O.S Coordinates
Please refer to survey station coordinate table to enable establishment of the on-site grid
