Subject: RE: [OFFICIAL] FW: Planning Consultation - AVA/2021/0881

Hi Mark,

I'm happy with the tree report and tree protection plan for the site. There are a large number of tree removals on the site and, whilst I do not object due to condition, age or position, I would like to request details of additional planting on the site to ensure an appropriate composition of trees and vegetation for the area. This does not affect the feasibility of the proposal so I am happy for this information to be provided by way of condition if it would be preferable to the applicant.

Kind regards,
Fergus
