TOWN AND COUNTRY PLANNING ACT 1990

(PLANNING (LISTED BUILDINGS AND CONSERVATION AREAS) ACT 1990)

In pursuance of the powers vested in the Amber Valley Borough Council under the above Act and Orders and taking into account Government policy and guidance and the saved policies of the Adopted Amber Valley Borough Local Plan 2006, and with reference to your application (**Office Code: AVA/2022/0614**) which was valid on the 28 July 2022 for permission for **Listed building consent for proposed de-construction of the Derby Road stone wall to existing footpath level, followed by like-for-like re-building up to circa 3m in height (to tie in with adjacent pitched coping stone to the driveway of the grade 2 listed Canteen building) at Milford Mills Development Derby Road Milford**

In the manner described in the application and shown on the accompanying plan(s) and drawing(s) - **NOTICE IS HEREBY GIVEN** - that **LISTED BUILDING CONSENT** for the proposed development is **REFUSED for the following reasons:**

Conditions/Reasons

1. The proposed works would have an adverse impact on the significance of the wall as a curtilage listed structure, which forms an integral and authentic part of the former Milford Mills site. The significance of the directly impacted buildings would not be preserved, through the wall being newly re-built, and at a height half that of its present scale, which would not maintain the relative settings of the buildings and site overall, but which would result in harm to the character, appearance and fabric of the curtilage listed structure. Furthermore, there is no clear evidence that the building is wholly beyond repair and that every effort has been made to continue its present arrangement.

   The proposal is therefore contrary to saved Policy EN23 which states that development which would result in the total or substantial demolition of Listed Buildings will only be permitted exceptionally and where there is clear evidence that the building is wholly

beyond repair, and policy EN24 of the Amber Valley Borough Local Plan 2006 which states that development will only be permitted where proposals contribute to the preservation of the listed building and its setting, having regards to the elements which make up its special interest, including the character, appearance, scale and its original function, and, Part 16 of the National Planning Policy Framework (NPPF), which seeks to preserve or enhance heritage assets. There are no sufficient public benefits to outweigh the identified harm to the Listed Building and its setting.

The proposal does not therefore meet the objectives of sustainability in terms of the environmental considerations as set out in paragraph 8 of the NPPF, and the application of policies within the Framework that protects areas of importance provides a clear reason to refuse the application the application in accordance with paragraph 11 d)i of the NPPF.

The proposal is contrary to 66 (1) (Listed Buildings and Conservation Areas) Act 1990 which has regard to the desirability to preserve a listed building and its setting.
