Eligibility

Permitted development rights are subject to conditions set by legislation to ensure that only appropriate proposals are eligible. The need to apply to the Local Planning Authority to see if prior approval is required is one such condition.

Important - Please note that:

- This application is specifically for a 'larger' single storey rear extension to a house, and the questions below are particular to determining the eligibility of proposals for this extension type.
- Other kinds of home extensions do not use this 'prior approval' process and should not be applied for using this type of application.
- There are additional permitted development conditions that apply to all home extensions which are not covered in the questions below, they can be reviewed in our common projects section. If your proposals do not meet these conditions, it is advisable not to continue with this application.

Please indicate the type of dwellinghouse you are proposing to extend

☑ Detached
○ Other

Will the extension be:

- a single storey;
- no more than 4 metres in height (measured externally from the natural ground level); and
- extend beyond the rear wall of the original dwellinghouse (measured externally) by over 4 but no more than 8 metres.

Note that where the proposed extension will be joined to an existing extension, the measurement must represent the total enlargement (i.e. both the existing and proposed extensions) to the original dwellinghouse.

☑ Yes
○ No

Is the dwellinghouse to be extended within any of the following:

- a conservation area;
- an area of outstanding natural beauty;
- an area specified by the Secretary of State for the purposes of enhancement and protection of the natural beauty and amenity of the countryside;
- the Broads;
- a National Park;
- a World Heritage Site;
- a site of special scientific interest;

○ Yes
☑ No

Description of Proposed Works

Please describe the proposed single-storey rear extension

The current property is a detached single storey bungalow and we are proposing to build a single storey kitchen/diner extension to the rear of the property. The proposed extension will be within the height and width limits defined by permitted development.
The proposed extension is well within the boundary limits of the property and within the 50% curtilage limit.
The external materials will be of similar appearance to the existing dwellinghouse with the external brickwork matched as closely as possible to the existing brickwork and the roof will be concrete tiles as per the existing roof.
At the moment, the property has an attached, flat roofed garage at the rear and as part of the application, it is proposed to remove this to make space for the extension.

Measurements

Please provide the measurements as detailed below.

Where the proposed extension will be joined to an existing extension, the measurements provided must be in respect to the total enlargement (i.e. both the existing and proposed extensions) to the original dwellinghouse.

How far will the extension extend beyond the rear wall of the original dwellinghouse (in metres, measured externally)

7.30	metres

What will be the maximum height of the extension (in metres, measured externally from the natural ground level)

4.00	metres

What will be the height at the eaves of the extension (in metres, measured externally from the natural ground level)

2.55	metres

Adjoining premises

Please provide the full addresses of all adjoining premises to the house you are proposing to extend. This should include any premises to the side/front/rear, even if they are not physically 'attached'

Declaration

I/We hereby apply for Prior Approval: Larger home extension as described in the questions answered, details provided, and the accompanying plans/drawings and additional information.
I/We confirm that, to the best of my/our knowledge, any facts stated are true and accurate and any opinions given are the genuine opinions of the person(s) giving them.
I/We also accept that, in accordance with the Planning Portal's terms and conditions:
- Once submitted, this information will be made available to the Local Planning Authority and, once validated by them, be published as part of a public register and on the authority's website;
- Our system will automatically generate and send you emails in regard to the submission of this application.

☑ I / We agree to the outlined declaration

Signed

Marie Drewry
