Alfreton Town Council

LOCAL COUNCIL AWARD SCHEME QUALITY

Date: 14th January 2021

Dear Laura Anthony,

AVA/2020/0995

Extending timber fence and Paladin Fence to existing Dotcom service yard. Reusing part of the paladin fence but moving it forward.

The Town Council would like to make the following observations and comments on the application:

We would wish to reiterate our previous concerns in relation to increased activity in areas close to residential properties and would ask that the noise mitigation measures which were recommended in previous applications are embedded and strictly enforced.

We also raise concern surrounding the further loss of customer parking facilities.

The comments made in our response to previous applications AVA/2020/0441 & 0461 (undecided) remain valid.

Best Wishes

[redacted]

Vic Johnstone
Assistant Town Clerk
Alfreton Town Council
