TOWN AND COUNTRY PLANNING ACT 1990

In pursuance of the powers vested in the Amber Valley Borough Council under the above Act and Orders and taking into account Government policy and guidance and the saved policies of the Adopted Amber Valley Borough Local Plan 2006, and with reference to your application (**Office Code: AVA/2020/0995**) which was valid on the 25 November 2020 for permission for **Extending timber fence and Paladin Fence to existing Dotcom service yard. at Tesco Stores Ltd Hall Street Alfreton**

In the manner described in the application and shown on the accompanying plan(s) and drawing(s) **NOTICE IS HEREBY GIVEN** that permission for the proposed development is **GRANTED subject to the following conditions:**

Conditions/Reasons

1. The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

   Reason To comply with the requirements of Section 91(1) of the Town and Country Planning Act, 1990, as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.

2. Notwithstanding the submitted plans, details shall be submitted to, and approved in writing by, the Local Planning Authority which include details of the construction specification for the timber acoustic barrier around the home delivery ('Dotcom') service yard, including an assessment of the acoustic integrity of the existing structure. All works shall be fully implemented in accordance with the approved scheme. The barrier shall be maintained to the standard of the approved specification.

Date : 24 February 2021 Signed

Julian Townsend
Executive Director (Operations)

Reason : To ensure that the development takes the form envisaged by the Local Planning Authority when determining the application in accordance with policies LS3, ER11, EN16 and TP1; of the Adopted Amber Valley Borough Local Plan 2006.

Notes
Attention is drawn to the attached notes:

1 The applicant is advised that the ongoing compliance is required to condition 16 of AVA/2001/0541 in regard to the delivery vehicles within the service yard, including the operating hours, and condition 3 and 4 of AVA/2007/0670 in regard to the loading and unloading hours and the specific loading bays.

2 The applicant is advised that the acoustic barrier should be:
Constructed using timber with a minimum mass of between 7 and 18kg/m2 (depending on the height: 1m-1.8m high = 8kg/m2; 2.1m high = 10kg/m2); 3.0m high = 15kg/m2) to provide a reasonable degree of noise attenuation.
BS 5228 states that a barrier must have a mass of at least 7kg/m2. A rough guide appears in BRE Digest 186 which states that where A is the potential screening correction and M is the desirable mass per unit area of the barrier (N.B. the required mass is also dependent on the frequency spectrum of the source) (From: IEMA Guidelines, V1.2, 2014 (A24)):
For A between 0dBA and -10dBA; M = 5kg/m2;
For A between -10dBA and -15dBA; M = 10kg/m2;
For A between -15dBA and -20dBA; M = 20kg/m2
Minimum thickness of 14mm;
Solid construction; i.e. containing no holes, cracks or gaps that noise could escape through. A timber fence should therefore be erected on concrete gravel boards to ensure that there are no gaps between the bottom of the fence and the ground, and to prevent rot;
Built to a suitable height above ground level. This will depend on the slope of the ground where the barrier is to be built, but must be sufficient to break the line of sight between the noise source and the receptor (N.B. windows above ground level); and
Built to an appropriate length to prevent flanking transmission around the ends.
The effectiveness of an acoustic barrier will depend on the individual requirements of each particular situation. Advice should be sought from a reputable acoustic consultant (rather than a general building/fencing contractor) and from the Local Authority (Contact: Amber Valley Borough Council, Environment Unit (Operations) on 01773 841335).

Date : 24 February 2021 Signed

Julian Townsend
Executive Director (Operations)

3 The applicant is advised that no external lighting should be installed or any existing lighting altered without seeking the advice from the Local Planning Authority regarding the potential need for planning permission.

Reasons for Granting Permission

In granting permission for this development the Borough Council has taken into account all material planning considerations arising from the views of statutory and other consultees and public representations about the application, Government guidance as detailed in the National Planning Policy Framework and the saved policies of the Adopted Amber Valley Borough Local Plan 2006:

LS1 - Sustainability criteria
LS3 - Design
LS4 - Accessibility
ER11 - Quality and design of development
EN16 - Pollution
EN18 - Derelict, Unstable And Contaminated Land
TP1 - Impact on the Transport Network
TC1 - Development in Town Centres

In detail:

The development complies with the provisions of the development plan for the locality and raises no unresolved issues in relation to the location of the site, privacy, amenity, character and design, landscape or heritage features and highway safety.

The National Planning Policy Framework (NPPF) is a material consideration in planning decisions. In accordance with Paragraph 38 of the NPPF the local planning authority has approached the decision making process in a positive way to foster the delivery of sustainable development and has worked proactively with the applicant/agent to secure a development to improve the economic, social and environmental conditions of the area.

Date : 24 February 2021 Signed

Julian Townsend
Executive Director (Operations)

NOTES

1. **If the applicant is aggrieved by the decision of the Local Planning Authority to refuse planning permission or approval for the proposed development or to grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with Section 78/79 of the Town and Country Planning Act 1990, within six months of the date of this notice. The Secretary of State has power to allow a longer period for the giving of a notice but will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission of the proposed development could not have been granted by the Local Planning Authority or could not have been so granted otherwise that subject to the conditions imposed on them, having regard to the statutory requirements, to the provision of the development order, and to any directions given under the order.**
2. **Cadent Gas own and operate the gas infrastructure within the area of your development. Contact Cadent's Plant Protection Team for approval before carrying out any works on site and ensuring requirements are adhered to. Email plantprotection@cadentgas.com. Alternatively you can register on www.beforeyoudig.nationalgrid.com**
3. **If permission to develop land is refused or granted subject to conditions, whether by the Local Planning Authority or by the Secretary of State for the Environment, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, he may serve on the Council of the County/District in which the land is situated, a purchase notice requiring that council to purchase his interests in the land in accordance with the provisions of Section 180 of the Town and Country Planning Act 1990.**
4. **In certain circumstances a claim may be made against the Local Planning Authority for compensation where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in Sections 137 and 138 of the Town and Country Planning Act 1990.**
5. **This permission relates to planning controls only. Any other statutory consent necessary including submission under the building regulations must be obtained from the appropriate Authority.**
6. **If it is intended to give notice of appeal in accordance with Paragraph 1 above, this should be done on the appropriate form obtainable from:-**

   The Planning Inspectorate
   3/23 Hawk Wing, Temple Quay House, 2 The Square Temple Quay Bristol BS1 6PN
   (Tel. No. 0117 372 8000) www.planning-inspectorate.gov.uk

7. **If the condition of consent or reasons for refusal, make reference to a Division of the Department, the appellant may, if he so wishes, require the attendance of a representative from the Department by notification to the Local Planning Authority. Such a representative would not be liable to cross-examination on questions of departmental policy, but only on matters of fact and expert opinion in relation to the appeal site.**
8. **Where a vehicle is habitually drive across a grass verge or kerbed footway to and from premises adjoining a highway, the occupier of the premises may after being given due notice by the appropriate authority, be required to pay the cost of construction of a carriage crossing or the strengthening of a footway, as the authority considers it necessary, or may be required to comply with conditions imposed by the authority.**
9. **In the case of building or premises to which the public are to be admitted whether on payment or otherwise, attention is drawn to Sections 4 and 7 of the Chronically Sick and Disabled Persons Act 1970 and the associated Code of Practice (BS5810:1979). In the case of premises to which the Offices, Shops and Railway Premises Act 1963 or the Factories Act 1962 applies, attention is drawn to Sections 7 and 8A of the Chronically Sick and Disabled Persons Act and to the same code of practice. In the case of Educational Buildings, attention is drawn to Sections 7 and 8 of the Chronically Sick and Disabled Persons Act 1978 and to the Design Note 18 "Access for the Physically Disabled Educational Buildings".**
10. **If the development site is crossed by an electric line or is within 15 metres (50ft) of the nearest part of a line (measure horizontally along the ground) or if there is reason to believe that it may be crossed by an underground electric cable, the applicant should contact the Electricity Board to ascertain if and what special safety precautions are necessary.**
11. **The grant of planning permission does not entitle developers to obstruct a public right of way. Development on so far as it affects a right of way, should not be started, and the right of way should be kept open for public use, until the necessary order under Section 247 and 257 of the Town and Country Planning Act 1990 for the diversion of extinguishment of the right of way has been made and confirmed.**
