TOWN AND COUNTRY PLANNING ACT 1990

In pursuance of the powers vested in the Amber Valley Borough Council under the above Act and Orders and taking into account Government policy and guidance and the saved policies of the Adopted Amber Valley Borough Local Plan 2006, and with reference to your application (**Office Code: AVA/2020/1128**) which was valid on the 9 December 2020 for permission for **Erection of agricultural dwelling and cattle housing, creation of access track and new entrance wall and gates at Land At Woodlinkin Cromford Road Langley Mill**

In the manner described in the application and shown on the accompanying plan(s) and drawing(s) **NOTICE IS HEREBY GIVEN** that permission for the proposed development is **REFUSED for the following reasons:**

Conditions/Reasons

1. In the absence of sufficient agricultural justification for the size of agricultural workers dwelling submitted, the proposed dwelling and ancillary access track, entrance wall and gates are not an appropriate form of development within the defined Green Belt. The proposed development would, by virtue of its definition as inappropriate development, result in harm to the openness of the Green Belt. As such the proposal is contrary to saved policy EN2 of the Adopted Local Plan and Part 13 of the NPPF. The proposal fails to meet the environmental objective of sustainability as set out in paragraph 8 of the National Planning Policy Framework. The proposed harm identified results in a clear reason for refusing the application in accordance with paragraph 11 d) i of the NPPF.

2. The proposed dwelling, due to is size, massing and overall design, would appear as an incongruous feature within the street scene, which would be out of scale and character with its immediate surroundings to the detriment of the visual amenity of the area. This is contrary to saved policy LS3 of the Adopted Amber Valley Borough Local Plan 2006 which states that development proposals are required to reflect the principles of good design by conserving or enhancing the quality and local distinctiveness of the natural and built environment, and by respecting the character of the locality, including, the scale and nature of development, its layout, density, height and massing; saved policy H12 (a) of the Amber Valley Borough Local Plan 2006, which states that, in considering housing applications, the Borough Council will require that proposals are in scale and character with their surroundings; the Borough Council's Supplementary Planning Document: Residential Development which requires development to respect the size, scale and massing of neighbouring buildings; and, contrary to Part 12 of the NPPF requires a good quality of development.

Notes
Attention is drawn to the attached notes:

In detail:

The processing of this planning application has been undertaken in accordance with the requirements of the National Planning Policy Framework (NPPF). Dialogue between the applicant and Local Planning Authority has been undertaken to try and address the issues associated with the proposal. This includes the request for amended plans/additional information and allowing a delay in the determination of the application to give the applicant the opportunity to address the concerns, however, the issues have failed to be resolved.
