Dear Sir or Madam

| | |
|---|---|
| Proposal: | **Permission is requested to reduce the height of the conifer and line of self-set sycamore, ash and elder trees along the back of the house. T1. Conifer - reduce height by approx. 4m to a good crown that allows a coverage for re-growth without blowing holes in the canopy. T2. Line of self-set sycamore, ash and elder trees, plus two tall conifers trees. Permission is requested to be able to remove this line of trees as it is causing damage to the roof and gutters of the property. T3. Elder - request permission to remove this tree from the side of the house.** |

I am writing to confirm that the Council does not propose to serve a Tree Preservation Order in response to your notice of 17 October 2025.

You may carry out the work so long as;

1. You do so within two years of the date of your notice; and

2. You do no more work on the tree(s) than is set out in your notice.

Yours faithfully

Mr Fergus MacArthur
Trees and Conservation Officer

**Note:** The Council recommends that a competent arboricultural contractor carries out this work (see enclosed leaflet 'Tree Work - Choosing Your Arborist') and whilst the Council does not recommend or assess any individuals or companies it does recognise the Arboricultural Association Approved Contractor scheme as being the best way of assuring the professional competence of companies engaged in tree work.

Details of Arboricultural Association Approved Contractors can be obtained from;

The Arboricultural Association
