Comments:

The plan and digital data should only be used for its original intended purpose at the defined survey scale.

It is for the use only of the party to whom it has been addressed and no responsibility is accepted to any third party for the whole or part of its contents.

This survey has been prepared on the basis that all information and facts, which affect the survey, have been disclosed to us by the parties concerned and no liability nor responsibility can be accepted, unless full disclosure has been made.

All ground features that were visible at the time of the survey have been located, however there may have been items obscured.

Pipe sizes and flow direction have been visually assessed from the surface and should be considered as approximate only.
