Hi

Application No. AVA-2021-0999

No 3 Hill Close, Turnditch Belper, Derbyshire.

The Parish Council have no objections to this Application but would like to comment on the overall parking problems in Hill Close.

As there are now many more cars needing parking spaces than was envisaged when the bungalows and flats were built we feel that more spaces should be provided than the one in this scheme. One way to do this would be to widen the roadway in Hill Close to allow parallel parking along its length without the need for cars to park with two wheels on the pavement. If this was done along with providing more individual spaces then this would alleviate most of the parking problems in Hill Close. With the parking as it is it very difficult for emergency vehicles reach the turning space at the end of Hill Close, this could have tragic consequences for anyone needing emergency treatment.

Turnditch and Windley Parish Council.

Kind Regards

Laura Storey
