WS 10

[redacted] **Witness Statement.**

I [redacted] have known [redacted] since I began working with [redacted] at Rolls-Royce in Derby in September 2001. Over the intervening years we have enjoyed an enduring friendship which has taken us on foreign and domestic holidays, walking holidays in Scotland, and many social gatherings.

I have lived in Belper since 2007 so have been within walking distance of [redacted] house [redacted] where the [redacted] have lived for approximately 10 years for the entire time they have lived at that address. During that period my wife [redacted] and I have visited on countless occasions both for evenings and various barbeques, garden parties etc. The only route to [redacted] means walking past Tudor Lodge and along to the frontage of [redacted] which is opposite a large arched building on a gravelled driveway.

I can confirm that, on my numerous visits to [redacted] I have never seen any person associated with Tudor Lodge using the shallow arch behind the semi-circular heather patch as a seating area or indeed for any other purposes, nor have I seen anyone sat on the roof of the arched outbuilding. I know [redacted] have used the central arch as a log store, which I noted and commented upon, as a fellow woodburner owner.

I believe that the facts stated in this witness statement are true. I understand that proceedings for contempt of court may be brought against anyone who makes, or causes to be made, a false statement in a document verified by a statement of truth without an honest belief in its truth

Signed
