TOWN AND COUNTRY PLANNING ACT 1990

In pursuance of the powers vested in the Amber Valley Borough Council under the above Act and Orders and taking into account Government policy and the saved policies of the Adopted Amber Valley Borough Local Plan 2006, and with reference to your application (**Office Code: AVA/2021/0310**) which was valid on the 19 March 2021 for permission for **Construction of a detached dwelling and associated access along with revised access to serve the existing dwelling at 21 Jessop Street Waingroves Ripley**

In the manner described in the application and shown on the accompanying plan(s) and drawing(s) **NOTICE IS HEREBY GIVEN** that permission for the proposed development is **GRANTED subject to the following conditions:**

Conditions/Reasons

1. Application for approval of reserved matters shall be made to the Local Planning Authority before the expiration of three years from the date of this permission and the development hereby permitted shall be begun before the expiration of two years from the date of approval of the last of the reserved matters to be approved.

   Reason: To prevent the accumulation of planning permissions: to enable the Council to review the suitability of the development in the light of altered circumstances and to comply with the provisions of Section 92(2) of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.

Date : 2 December 2021 Signed

Julian Townsend
Executive Director (Operations)

2. The approval of the Borough Council shall be obtained prior to the commencement of any development in respect of the, appearance, landscaping, layout and scale of the buildings.

   Reason: To comply with Section 92 of the Town and Country Planning Act 1990.

3. The development shall be carried out in accordance with the details contained in the submitted plans (and documents) listed below:

   Block and location Plan/Proposed site layout (indicative only)/ Proposed floor plan - (indicative only) drawing 1649 Sheet No. 001 Rev E
   Proposed access arrangement - drawing no 1649 sheet no 002 Revision A

   Reason: In order to define the permission.

4. No work shall commence on site until such time as a scheme indicating proposed finished floor levels of all buildings, and the relationship of such to the existing dwellings adjacent to the site has been submitted to and approved in writing by the Local Planning Authority. The development shall be constructed in accordance with the agreed levels.

   Reason: This is a pre-commencement condition to safeguard the privacy and amenities of the occupiers of adjoining properties in accordance with Saved Policies LS3 and H12 of the Adopted Amber Valley Borough Local Plan.

5. The development to which this approval relates shall be single storey only.

   Reason: To define the permission and in order to safeguard the privacy and amenities of the occupiers of adjoining properties in accordance with Saved policies LS3 and H12 of the Adopted Amber Valley Borough Local Plan 2006.

6. Before any other operations are commenced a new vehicular and pedestrian access shall be created to Jessop Street in accordance with the revised application drawings, laid out, constructed and maintained in perpetuity free from any impediment to its designated use.

   Reason: In the interests of highway safety in accordance with saved policies TP1 and H12 of the Adopted Amber Valley Borough Local Plan 2006.

Date : 2 December 2021 Signed

Julian Townsend
Executive Director (Operations)

7. Prior to any other works commencing, the entire site frontage shall be cleared, and maintained thereafter clear, of any obstruction exceeding 1m in height (600mm for vegetation) relative to the road level for a distance of 2.4m into the site from the carriageway edge in order to maximise the visibility available to drivers emerging onto the highway.

   Reason: In the interests of highway safety in accordance with saved policies TP1 and H12 of the Adopted Amber Valley Borough Local Plan 2006.

8. The premises, the subject of the application, shall not be occupied until space has been provided within the application site in accordance with the application drawings for the parking and manoeuvring of resident's vehicles, laid out, surfaced and maintained throughout the life of the development free from any impediment to its designated use.

   Reason: In the interests of highway safety in accordance with saved policies TP1 and H12 of the Adopted Amber Valley Borough Local Plan 2006.

9. There shall be no gates or other barriers within 5m of the nearside highway boundary and any gates shall open inwards only.

   Reason: In the interests of highway safety in accordance with saved policies TP1 and H12 of the Adopted Amber Valley Borough Local Plan 2006.

Notes

Attention is drawn to the attached notes:

1 The proposed development lies within an area that has been defined by the Coal Authority as containing potential hazards arising from former coal mining activity. These hazards can include: mine entries (shafts and adits); shallow coal workings; geological features (fissures and break lines); mine gas and previous surface mining sites. Although such hazards are seldom readily visible, they can often be present and problems can occur in the future, particularly as a result of development taking place.

   It is recommended that information outlining how the former mining activities affect the proposed development, along with any mitigation measures required (for example the need for gas protection measures within the foundations), be submitted alongside any subsequent application for Building Regulations approval (if relevant).

Date : 2 December 2021 Signed

Julian Townsend
Executive Director (Operations)

Any form of development over or within the influencing distance of a mine entry can be dangerous and raises significant safety and engineering risks and exposes all parties to potential financial liabilities. As a general precautionary principle, the Coal Authority considers that the building over or within the influencing distance of a mine entry should wherever possible be avoided. In exceptional circumstance where this is unavoidable, expert advice must be sought to ensure that a suitable engineering design is developed and agreed with regulatory bodies which takes into account of all the relevant safety and environmental risk factors, including gas and mine-water. Your attention is drawn to the Coal Authority Policy in relation to new development and mine entries available at:
www.gov.uk/government/publications/building-on-or-within-the-influencing-distance-of-mine-entries

Any intrusive activities which disturb or enter any coal seams, coal mine workings or coal mine entries (shafts and adits) requires a Coal Authority Permit. Such activities could include site investigation boreholes, digging of foundations, piling activities, other ground works and any subsequent treatment of coal mine workings and coal mine entries for ground stability purposes. Failure to obtain a Coal Authority Permit for such activities is trespass, with the potential for court action.

Property-specific summary information on past, current and future coal mining activity can be obtained from: www.groundstability.com or a similar service provider.

If any coal mining features are unexpectedly encountered during development, this should be reported immediately to the Coal Authority on 0345 762 6848. Further information is available on the Coal Authority website at:
www.gov.uk/government/organisations/the-coal-authority

2 Careful consideration needs to be made at the reserved matters stage with regards to window positions and finished site levels of the new dwelling to maintain an acceptable relationship between the existing and proposed development.

3 The applicant is strongly urged to consider any appropriate measures/features, such as EV charging points, to mitigate climate change, having regard to paragraphs 148-154 of the National Planning Policy Framework (NPPF) and to reflect Amber Valley Borough Council's declaration of a Climate Emergency, and to incorporate those measures/features into the development. The inclusion of any such features should be considered in terms of whether they are able to be implemented under the plans and drawings approved under condition [ ] of this notice. Please contact the case officer who will be able to advise further.

Date : 2 December 2021 Signed

Julian Townsend
Executive Director (Operations)

4 The applicant is advised that there may be asbestos at the site. Prior to the demolition of the building present on site, an asbestos survey should be completed by a suitably qualified person. Any asbestos containing materials identified should be appropriately removed and disposed of in accordance with current best practice/ legislation, to a licensed waste management facility.

5 Pursuant to Section 184 of the Highways Act 1980 and Section 86(4) of the New Roads and Streetworks Act 1991 prior notification shall be given to the Department - Place at County Hall, Matlock regarding access works within the highway. Information, and relevant application forms, regarding the undertaking of access works within highway limits is available via the County Councils website
https://www.derbyshire.gov.uk/transport-roads/roads-traffic/licencesenforcements/vehicular-access/vehicle-accesses-crossovers-and-dropped-kerbs.aspx
E-mail highways.hub@derbyshire.gov.uk or Telephone Call Derbyshire on 01629 533190.
2. The Highway Authority recommends that the first 5m of the proposed access driveway should not be surfaced with a loose material (i.e. unbound chippings or gravel etc). In the event that loose material is transferred to the highway and is regarded as a hazard or nuisance to highway users, the Authority reserves the right to take any necessary action against the householder.
3. Pursuant to Section 163 of the Highways Act 1980, where the site curtilage slopes down towards the public highway, measures shall be taken to ensure that surface water run-off from within the site is not permitted to discharge across the footway margin. This usually takes the form of a dish channel or gulley laid across the access immediately behind the back edge of the highway, discharging to a drain or soakaway within the site.
4. Pursuant to Sections 149 and 151 of the Highways Act 1980, steps shall be taken to ensure that mud or other extraneous material is not carried out of the site and deposited on the public highway. Should such deposits occur, it is the applicant's responsibility to ensure that all
reasonable steps (e.g. street sweeping) are taken to maintain the roads in the vicinity of the site to a satisfactory level of cleanliness.

Reasons for Permission

In granting permission for this development, the Borough Council has taken into account all material planning considerations arising from the views of statutory and other consultees and public representations about the application, Government guidance as detailed in the

Date : 2 December 2021 Signed

Julian Townsend
Executive Director (Operations)

National Planning Policy Framework and relevant Neighbourhood Plans, and saved policies of the Adopted Amber Valley Borough Local Plan 2006;

LS1 - Sustainability criteria
LS3 - Design
H3 - Housing development within settlements
H12 - Design and amenity considerations
TP1 - Impact on the Transport Network
TP6 - Parking
EN18 - Derelict, Unstable And Contaminated Land

In detail:

The National Planning Policy Framework (NPPF) is a material consideration in planning decisions. In accordance with Paragraph 38 of the NPPF the local planning authority has approached the decision making process in a positive way to foster the delivery of sustainable development and has worked proactively with the applicant/agent to secure a development to improve the economic, social and environmental conditions of the area.

The development complies with the provisions of the development plan for the locality and raises no unresolved issues in relation to the location of the site, privacy, amenity, sunlight/daylight, character and design, landscape or heritage features and highway safety.

Date : 2 December 2021 Signed

Julian Townsend
Executive Director (Operations)

NOTES

1. **If the applicant is aggrieved by the decision of the Local Planning Authority to refuse planning permission or approval for the proposed development or to grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with Section 78/79 of the Town and Country Planning Act 1990, within six months of the date of this notice. The Secretary of State has power to allow a longer period for the giving of a notice but will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission of the proposed development could not have been granted by the Local Planning Authority or could not have been so granted otherwise that subject to the conditions imposed on them, having regard to the statutory requirements, to the provision of the development order, and to any directions given under the order.**
2. **Cadent Gas own and operate the gas infrastructure within the area of your development. Contact Cadent's Plant Protection Team for approval before carrying out any works on site and ensuring requirements are adhered to. Email plantprotection@cadentgas.com. Alternatively you can register on www.beforeyoudig.nationalgrid.com**
3. **If permission to develop land is refused or granted subject to conditions, whether by the Local Planning Authority or by the Secretary of State for the Environment, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, he may serve on the Council of the County/District in which the land is situated, a purchase notice requiring that council to purchase his interests in the land in accordance with the provisions of Section 180 of the Town and Country Planning Act 1990.**
4. **In certain circumstances a claim may be made against the Local Planning Authority for compensation where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in Sections 137 and 138 of the Town and Country Planning Act 1990.**
5. **This permission relates to planning controls only. Any other statutory consent necessary including submission under the building regulations must be obtained from the appropriate Authority.**
6. **If it is intended to give notice of appeal in accordance with Paragraph 1 above, this should be done on the appropriate form obtainable from:-**

   The Planning Inspectorate
   3/23 Hawk Wing, Temple Quay House, 2 The Square Temple Quay
   Bristol BS1 6PN
   (Tel. No. 0117 372 8000) www.planning-inspectorate.gov.uk

7. **If the condition of consent or reasons for refusal, make reference to a Division of the Department, the appellant may, if he so wishes, require the attendance of a representative from the Department by notification to the Local Planning Authority. Such a representative would not be liable to cross-examination on questions of departmental policy, but only on matters of fact and expert opinion in relation to the appeal site.**
8. **Where a vehicle is habitually drive across a grass verge or kerbed footway to and from premises adjoining a highway, the occupier of the premises may after being given due notice by the appropriate authority, be required to pay the cost of construction of a carriage crossing or the strengthening of a footway, as the authority considers it necessary, or may be required to comply with conditions imposed by the authority.**
9. **In the case of building or premises to which the public are to be admitted whether on payment or otherwise, attention is drawn to Sections 4 and 7 of the Chronically Sick and Disabled Persons Act 1970 and the associated Code of Practice (BS5810:1979). In the case of premises to which the Offices, Shops and Railway Premises Act 1963 or the Factories Act 1962 applies, attention is drawn to Sections 7 and 8A of the Chronically Sick and Disabled Persons Act and to the same code of practice. In the case of Educational Buildings, attention is drawn to Sections 7 and 8 of the Chronically Sick and Disabled Persons Act 1978 and to the Design Note 18 "Access for the Physically Disabled Educational Buildings".**
10. **If the development site is crossed by an electric line or is within 15 metres (50ft) of the nearest part of a line (measure horizontally along the ground) or if there is reason to believe that it may be crossed by an underground electric cable, the applicant should contact the Electricity Board to ascertain if and what special safety precautions are necessary.**
11. **The grant of planning permission does not entitle developers to obstruct a public right of way. Development on so far as it affects a right of way, should not be started, and the right of way should be kept open for public use, until the necessary order under Section 247 and 257 of the Town and Country Planning Act 1990 for the diversion of extinguishment of the right of way has been made and confirmed.**
