TOWN AND COUNTRY PLANNING ACT 1990

In pursuance of the powers vested in the Amber Valley Borough Council under the above Act and Orders and taking into account Government policy and the saved policies of the Adopted Amber Valley Borough Local Plan 2006, and with reference to your application (**Office Code: AVA/2021/1070**) which was valid on the 1 November 2021 for permission for **Outline Application with All Matters Reserved for proposed one bedroom detached dwelling at 26 Thorpes Road Heanor Derbyshire**

In the manner described in the application and shown on the accompanying plan(s) and drawing(s) **NOTICE IS HEREBY GIVEN** that permission for the proposed development is **REFUSED for the following reasons:**

Conditions/Reasons

1. The development is out of character with the immediate locality, with the erection of a dwelling in this location resulting in a contrived and cramped form of development that does not reflect or respect the relationship between the existing properties in the street scene and the scale and nature of the adjacent and surrounding development. This is contrary to saved policy LS3 of the Adopted Amber Valley Borough Local Plan 2006 which states that development proposals are required to reflect the principles of good design by conserving or enhancing the quality and local distinctiveness of the natural and built environment, and by respecting the character of the locality, including, the scale and nature of development, its layout, density, height and massing; saved policy H12 (a) of the Amber Valley Borough Local Plan 2006, which states that, in considering housing applications, the Borough Council will require that proposals are in scale and character with their surroundings; the Borough Council's Supplementary Planning Document: Residential Development which requires development to respect established patterns of development and, contrary to Part 12 of the NPPF which in paragraph 130 requires a good quality of development. The proposal fails to meet the requirements of sustainable development environmentally and socially, as defined and required by paragraph 8 of the NPPF, and would result in adverse impacts that would significantly and demonstrably outweigh the benefits of one dwelling, contrary to paragraph 11 d) ii of the NPPF.

2. The proposal, by virtue of the constrained and cramped application site, limited separation distances and proposed two storey development, would result in an overbearing form of development, to the detriment of neighbouring residential amenity; provide a poor outlook from habitable rooms of the proposed dwelling, to the detriment of future occupiers of the property; has not demonstrated that there would be no overlooking of neighbouring properties, to the detriment of neighbouring residential amenity; and, provides insufficient private amenity space to serve both the existing and proposed dwellings, to the detriment of existing and future occupiers of the properties.

   This is contrary to saved policy H12 (c and d) of the Amber Valley Borough Local Plan 2006, the Borough Council's Supplementary Planning Document: Residential Development and Part 12 of the National Planning Policy Framework which seek to secure a high standard of amenity for all existing and future occupiers of land and buildings. The proposal fails to meet the requirements of sustainable development environmentally and socially, as defined and required by paragraph 8 of the NPPF, and would result in adverse impacts that would significantly and demonstrably outweigh the benefits of two dwellings, contrary to paragraph 11 d) ii of the NPPF.
