In pursuance of the powers vested in the Amber Valley Borough Council under the above Act and Orders and taking into account Government policy and the saved policies of the Adopted Amber Valley Borough Local Plan 2006, and with reference to your application (**Office Code: AVA/2021/0995**) which was valid on the 27 September 2021 for permission for **Demolition of 1 no. barn and 2 no. stables and erection of 1 no. dwelling with associated works and landscaping at Parkfield House The Fields Hardy Barn**

In the manner described in the application and shown on the accompanying plan(s) and drawing(s) **NOTICE IS HEREBY GIVEN** that permission for the proposed development is **GRANTED subject to the following conditions:**

**Conditions/Reasons**

1. Application for approval of reserved matters shall be made to the Local Planning Authority before the expiration of three years from the date of this permission and the development hereby permitted shall be begun before the expiration of two years from the date of approval of the last of the reserved matters to be approved.

   **Reason**: To prevent the accumulation of planning permissions: to enable the Council to review the suitability of the development in the light of altered circumstances and to comply with the provisions of Section 92(2) of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.

Date : 4 May 2022

Signed

Simon Gladwin
Executive Director (Operations)

2. The approval of the Borough Council shall be obtained prior to the commencement of any development in respect of the appearance, landscaping, layout and scale of the buildings.

   **Reason**: To comply with Section 92 of the Town and Country Planning Act 1990.

3. The development hereby permitted shall be carried out only in accordance with the details and specifications set out below and the conditions within this decision notice:

   - Site Location Plan drawing no. 00001 Rev P1;
   - Highway Report dated 12/05/2021;
   - Preliminary Bat Survey and Bat Emergence Surveys dated 01/06/2020; and,
   - Technical Report dated 03/09/2021.

   **Reason**: In order to define the permission.

4. The premises, the subject of the application, shall not be occupied until space has been provided within the application site for the parking and manoeuvring of residents' and service and delivery vehicles, laid out, surfaced and maintained throughout the life of the development free from any impediment to its designated use.

   **Reason**: In the interests of the safety of the users of the access and public highway safety in general in accordance with saved policies TP1 and H12 of the Adopted Amber Valley Borough Local Plan 2006.

5. Prior to any construction above foundations level, a scheme of biodiversity enhancement to include, as a minimum, the incorporation of integrated (inbuilt) features for roosting bats within the new dwelling based on the recommendation in section 10.1 of the bat report shall be submitted to and approved in writing by the Local Planning Authority. The enhancement scheme shall be implemented in accordance with the agreed details as construction proceeds and completed prior to the first occupation of the development.

   **Reason**: To ensure the development does not have an adverse impact upon species specifically protected under the schedules of the Wildlife and Countryside Act 1981 in accordance with saved policy EN13 and to improve the biodiversity of the local area in accordance with saved policy EN13 of the Adopted Amber Valley Borough Local Plan 2006.

6. The hereby approved development shall be no higher than the highest existing building it is to replace, as shown under 'section A-A as existing' on drawing no. 00004 REV P1.

Simon Gladwin
Executive Director (Operations)

**Reason**: To define the terms of this permission and for the avoidance of any doubt and in the interests of the Green Belt, visual amenity and character of the locality in accordance with saved policies EN2, LS3 and H12 of the Adopted Amber Valley Borough Local Plan 2006.

**Notes**

**Attention is drawn to the attached notes:**

1 The application site is affected by a Public Right of Way (Footpath number 7 on the Derbyshire Definitive Map). The route must remain unobstructed on its legal alignment at all times and the safety of the public using it must not be prejudiced either during or after development works take place. Further advice can be obtained by calling 01629 533190.

Please note that the granting of planning permission is not consent to divert or obstruct a public right of way.

If it is necessary to temporarily obstruct a right of way to undertake development works then a temporary closure is obtainable from the County Council. Please contact 01629 533190 for further information and an application form.

If a right of way is required to be permanently diverted then the Council that determines the planning application (The Planning Authority) has the necessary powers to make a diversion order.

Any development insofar as it will permanently affect a public right of way must not commence until a diversion order (obtainable from the planning authority) has been confirmed. A temporary closure of the public right of way to facilitate public safety during the works may then be granted by the County Council.

To avoid delays, where there is reasonable expectation that planning permission will be forthcoming, the proposals for any permanent stopping up or diversion of a public right of way can be considered concurrently with the application for proposed development rather than await the granting of permission.

2 With regards to condition 6, the applicant is advised that the barn referred to is that approved under AVA/2003/0233 and a single storey development only would ensure that the openness of the Green Belt is maintained.

H5 - Housing development outside settlements
H12 - Design and amenity considerations
EN8 - Landscape Features
EN13 - Nature Conservation

In accordance with Paragraph 38 of the NPPF the local planning authority has approached the decision making process in a positive way to foster the delivery of sustainable development and has worked proactively with the applicant/agent to secure a development to improve the economic, social and environmental conditions of the area.

The development complies with the provisions of the development plan for the locality and raises no unresolved issues in relation to the location of the site, privacy, amenity, sunlight/daylight, character and design, landscape or heritage features and highway safety.
