Dar Ms Arkle,

Thank you for consulting the Forestry Commission. As a Non Ministerial Government Department, we provide no opinion supporting or objecting to an application. We do provide the Government guidance with regard to the potential impact that development would have on ancient woodland and veteran trees.

I have compared the Planning Application site plan with our mapping system and found that neither Highfield Wood or Ridings Wood are ancient woodlands, and assess that the proposed development would not negatively impact upon Highfield Wood. We therefore have no comment to make.

Yours sincerely,

[redacted]
