Justification Statement for Application Reference: AVA/2026/0724

This application is needed as Greenwich Community Sports Hub is the home of Ripley Town Football Club, who have a large number of Teams; Senior's, Juniors (various age ranges covered) and Ladies. The Club has 3 pitches at this location which are in constant use throughout the Football Season, and training at other times of the year.

The senior men's team have just been promoted and have invested in new larger goal posts, which do not fit in the current storage container, therefore, the new larger container is required.

We do not intend to clad the new container at this time as the Charity does not have the funds needed to do this.
