TOWN AND COUNTRY PLANNING ACT 1990

In pursuance of the powers vested in the Amber Valley Borough Council under the above Act and Orders and taking into account Government policy and guidance and the saved policies of the Adopted Amber Valley Borough Local Plan 2006, and with reference to your application (**Office Code: AVA/2022/0952**) which was valid on the 28 October 2022 for permission for **Replacement of an existing Industrial Unit with a single detached bungalow at 97 Belper Road Bargate Belper**

In the manner described in the application and shown on the accompanying plan(s) and drawing(s) **NOTICE IS HEREBY GIVEN** that permission for the proposed development is **GRANTED subject to the following conditions:**

Conditions/Reasons

1. The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

   Reason: To comply with the requirements of Section 91(1) of the Town and Country Planning Act, 1990, as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.

Date : 24 April 2023

Signed

Simon Gladwin
Executive Director (Operations)

2. The development shall be undertaken in accordance with the details contained in the plans listed below and any conditions attached to the permission:

   Site location plan - drawing 22-110-08-15

   Amended Proposed block plan - drawing 22-110-08-17 Rev B (received 14/03/2023)

   Amended Proposed floor plans and elevations - drawing 22-110-08-20 Rev A (received 17/03/2023)

   Bat Survey Report for 97 Belper Road, Bargate, prepared by Whitcher Wildlife Ltd, Ecological Consultants, dated 23/02/2023.

   Reason: To define the terms of the permission

3. a) No development shall commence until:

   i. The approved development site has been subjected to a detailed investigation to determine the extent, scale and nature of any contamination and an assessment of the potential risks (the "Assessment") has been carried out.
   ii. A report providing the details of the site investigation and the Assessment been submitted and approved in writing by the Local Planning Authority.
   iii. A Remediation Method Statement (the "RMS") to address any remediation required by the Assessment including a plan for how the remediation methods will be verified, has been submitted and approved in writing by the Local Planning Authority.

   b) The development shall be undertaken in strict compliance with the requirements contained within the approved RMS. Any proposed revisions to the RMS must be submitted and approved in writing by the Local Planning Authority prior to any changes in remediation methods.

   c) If during development works, any contamination is encountered which was not previously identified and is derived from a different source and/or of a different type to those already identified, then no further works shall take place until a revised RMS is submitted to and approved in writing by the Local Planning Authority and the works shall then be carried out in accordance with the revised RMS.

   d) If during development work, site contamination is found in areas previously expected to be uncontaminated, then the remediation of those areas shall be carried out in accordance with the approved RMS.

Date : 24 April 2023

Signed

S Gladwin

Simon Gladwin
Executive Director (Operations)

e) No building shall be occupied unless and until a Verification Report in accordance with the RMS has been submitted to and approved in writing by the Local Planning Authority.

f) All investigations, assessments and reports must be carried out by a suitably qualified competent person previously agreed in writing by the Local Planning Authority and in accordance with the Environment Agency publication Land contamination: risk management (LCRM).

Reason: The undertaking of a site investigation prior to the commencement of development is necessary to ensure that adequate information pertaining to risks arising from land contamination is available to inform an assessment that the site is either suitable for its proposed use or appropriate remedial measures could make the site suitable for its proposed use. In order to ensure the safety of the development, in accordance with paragraphs 183 and 184 of the National Planning Policy Framework.

4. Prior to the import of soils or other fill materials from outside the application site, documentary evidence that the material is free from contamination shall be submitted to and agreed in writing by the Local Planning Authority. No such materials shall be imported without prior approval.

   Reason: In order to ensure the safety of the development, in accordance with paragraphs 183 and 184 of the National Planning Policy Framework.

5. Notwithstanding the submitted details, no work shall commence on the footings of the hereby approved development until such time as a scheme indicating proposed floor levels the building, and the relationship of such to the existing dwellings has been submitted to and approved in writing by the Local Planning Authority, and the development shall be constructed in accordance with the agreed levels.

   Reason: To safeguard the privacy and amenities of the occupiers of adjoining properties in accordance with saved policies LS3 and H12 of the Adopted Amber Valley Borough Local Plan 2006.

6. No development above ground floor slab level shall take place until there has been submitted to and approved in writing by the Local Planning Authority details and/or samples of the materials and finishes to be used for the external elevations and roof of the proposal, and the development shall be carried out with those materials.

   Reason: To ensure the satisfactory appearance of the completed development in accordance with policies LS3 and H12 of the Adopted Amber Valley Borough Local Plan 2006.

Date : 24 April 2023

Signed

S Gladwin

Simon Gladwin
Executive Director (Operations)

7. Temporary ground protection shall be installed for the duration of the development over the root protection area of the neighbouring tree (outside the footing of the building) within the development site to prevent compaction or root damage to the tree. This ground protection shall be in accordance with section 6.2.3 of BS5837:2012 with examples from the document provided below:

   The ground protection might comprise one of the following:
   a) for pedestrian movements only, a single thickness of scaffold boards placed either on top of a driven scaffold frame, so as to form a suspended walkway, or on top of a compression-resistant layer (e.g. 100 mm depth of woodchip), laid onto a geotextile membrane;
   b) for pedestrian-operated plant up to a gross weight of 2 t, proprietary, inter-linked ground protection boards placed on top of a compression-resistant layer (e.g. 150 mm depth of woodchip), laid onto a geotextile membrane;
   c) for wheeled or tracked construction traffic exceeding 2 t gross weight, an alternative system (e.g. proprietary systems or pre-cast reinforced concrete slabs) to an engineering specification designed in conjunction with arboricultural advice, to accommodate the likely loading to which it will be subjected.

   Reason: This condition is imposed to ensure that trees within and adjacent to the site are satisfactorily protected during the period when demolition and construction works take place on the site in accordance with policy EN8 of the Adopted Amber Valley Borough Local Plan 2006.

8. Prior to the commencement of construction above slab level, a Biodiversity Enhancement Plan shall be submitted to, and approved in writing by, the Local Planning Authority. Approved measures could include those listed below and shall be implemented in full and maintained thereafter. The Plan shall clearly show positions, specifications and numbers of features, which will include (but are not limited to) the following:

   Bird nest boxes

   Integrated / external bat boxes

   Photographs of these features in situ shall be submitted to the LPA to discharge this condition and the features shall be maintained in perpetuity.

   Reason: In the interests of securing biodiversity enhancements in accordance with Policy EN13 of the Adopted Amber Valley Borough Local Plan 2006.

Date : 24 April 2023

Signed

Simon Gladwin
Executive Director (Operations)

9. Prior to the occupation of the hereby approved development full details of the proposed treatment of the boundary(ies) of the site shall be submitted to and approved by the Local Planning Authority. Any agreed scheme shall be implemented in full in accordance prior to the occupation of the development.

   Reason: To ensure both the satisfactory appearance of the completed development and an adequate level of amenity for the proposed dwellings in accordance with saved policies LS3 and H12 of the Adopted Amber Valley Borough Local Plan 2006.

10. Notwithstanding the details shown on the approved plans, prior to the commencement of work above foundation level, a schedule of all hard landscaping materials shall be submitted to and approved by the Local Planning Authority. The development shall subsequently be implemented in accordance with the approved details.

    Reason: To ensure the satisfactory overall appearance of the completed development and to help assimilate the new development into its surroundings in accordance with saved policy H12 of the Adopted Amber Valley Borough Local Plan 2006.

11. Prior to the installation of lighting fixtures, a detailed lighting strategy shall be submitted to and approved in writing by the Local Planning Authority to safeguard bats and other nocturnal wildlife. This shall provide details of the chosen luminaires, their locations, and any mitigating features such as dimmers, PIR sensors and timers. Guidelines can be found in Guidance Note 08/18 - Bats and Artificial Lighting in the UK (BCT and ILP, 2018). Such approved measures shall be implemented in full.

    Reason: In the interests of securing biodiversity enhancements in accordance with Policy EN13 of the Adopted Amber Valley Borough Local Plan 2006.

12. The premises, the subject of the application, shall not be occupied until space has been provided within the application site in accordance with the application drawings for the parking and manoeuvring of residents' vehicles, laid out, surfaced and maintained throughout the life of the development free from any impediment to its designated use.

    Reason: In the interests of the safety of the users of the access and public highway safety in general in accordance with saved policies H12 and TP1 of the Adopted Amber Valley Borough Local Plan 2006.

Date : 24 April 2023

Signed S Gladwin

Simon Gladwin
Executive Director (Operations)

13. The roof lights to the accommodation in the roof space, to be located in the north facing roof plan shall be positioned to have a minimum height of 1.79m above the internal floor level.

    Reason: To protect the amenities of neighbouring occupiers in accordance with policies LS3 and H12 of the Adopted Amber Valley Borough Local Plan 2006

14. Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2015 (or any Order revoking and re-enacting that Order) no development relating to Class A, B, C, D, E of Part 1 of Schedule 2 shall be undertaken without the prior written approval of the Local Planning Authority.

    Reason: To protect the character and visual amenities of the locality in accordance with policies LS3 and H12 of the Adopted Amber Valley Borough Local Plan 2006

Date : 24 April 2023

Signed

Simon Gladwin
Executive Director (Operations)

Notes

Attention is drawn to the attached notes:

1 Development Low Risk Area - Standing Advice

The proposed development lies within a coal mining area which may contain unrecorded coal mining related hazards. If any coal mining feature is encountered during development, this should be reported immediately to the Coal Authority on 0345 762 6848.

Further information is also available on the Coal Authority website at: www.gov.uk/government/organisations/the-coal-authority

2 No stripping, demolition works or vegetation clearance shall take place between 1st March and 31st August inclusive, unless preceded by a nesting bird survey undertaken by a competent ecologist no more than 48 hours prior to clearance. If nesting birds are present, an appropriate exclusion zone will be implemented and monitored until the chicks have fledged. No works shall be undertaken within exclusion zones whilst nesting birds are present.

The applicant is reminded that, under the Wildlife and Countryside Act 1981, as amended (section 1), it is an offence to remove, damage or destroy the nest of any wild bird while that nest is in use or being built. Planning consent for a development does not provide a defence against prosecution under this act.

3 "The applicant is strongly urged to help meet the Government's commitments to achieve net-zero carbon emissions by 2050, and to meeting the NPPF's environmental objective of mitigating and adapting to meet climate change, including moving to a low carbon economy. Therefore, the applicant is strongly urged to include on-site renewable energy generation (e.g. solar panels), the de-carbonising of heating systems (e.g. air-/ground-source heat pumps) and enhanced levels of insulation beyond those required by present building standards."

Advice in relation to sustainable energy measures and any need for planning permission can be found at

Executive Director (Operations)

4 The existing buildings appear to contain ACMs, which must be carefully handled during the demolition process. Demolition activities, including the handling of ACMs, are regulated by Derbyshire Building Control Partnership under the Building Regulations and by the Health and Safety Executive (HSE), so further advice should be sought from them.

General advice in relation to the dismantling of a structure containing asbestos or ACMs is to use a registered asbestos removal contractor to ensure that environmental contamination is minimised. Copies of Consignment Notes should be obtained and kept as proof that the materials have been disposed of at a suitably licensed waste facility.

Reasons for Granting Permission

In granting permission for this development the Borough Council has taken into account all material planning considerations arising from the views of statutory and other consultees and public representations about the application, Government guidance as detailed in the National Planning Policy Framework and the saved policies of the Adopted Amber Valley Borough Local Plan 2006:

LS1 - Sustainability criteria
LS3 - Design
H3 - Housing development within settlements
H12 - Design and amenity considerations
TP1 - Impact on the Transport Network
TP6 - Parking
EN13 - Nature Conservation
EN18 - Derelict, Unstable And Contaminated Land

In detail:

The National Planning Policy Framework (NPPF) is a material consideration in planning decisions. In accordance with Paragraph 38 of the NPPF the local planning authority has approached the decision making process in a positive way to foster the delivery of sustainable development and has worked proactively with the applicant/agent to secure a development to improve the economic, social and environmental conditions of the area.

The development complies with the provisions of the development plan for the locality and raises no unresolved issues in relation to the location of the site, privacy, amenity, sunlight/daylight, character and design, landscape or heritage features and highway safety.

NOTES

1. **If the applicant is aggrieved by the decision of the Local Planning Authority to refuse planning permission or approval for the proposed development or to grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with Section 78/79 of the Town and Country Planning Act 1990, within six months of the date of this notice. The Secretary of State has power to allow a longer period for the giving of a notice but will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission of the proposed development could not have been granted by the Local Planning Authority or could not have been so granted otherwise that subject to the conditions imposed on them, having regard to the statutory requirements, to the provision of the development order, and to any directions given under the order.**
2. **Cadent Gas own and operate the gas infrastructure within the area of your development. Contact Cadent's Plant Protection Team for approval before carrying out any works on site and ensuring requirements are adhered to. Email plantprotection@cadentgas.com. Alternatively you can register on www.beforeyoudig.nationalgrid.com**
3. **If permission to develop land is refused or granted subject to conditions, whether by the Local Planning Authority or by the Secretary of State for the Environment, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, he may serve on the Council of the County/District in which the land is situated, a purchase notice requiring that council to purchase his interests in the land in accordance with the provisions of Section 180 of the Town and Country Planning Act 1990.**
4. **In certain circumstances a claim may be made against the Local Planning Authority for compensation where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in Sections 137 and 138 of the Town and Country Planning Act 1990.**
5. **This permission relates to planning controls only. Any other statutory consent necessary including submission under the building regulations must be obtained from the appropriate Authority.**
6. **If it is intended to give notice of appeal in accordance with Paragraph 1 above, this should be done on the appropriate form obtainable from:-**

   The Planning Inspectorate
   3/23 Hawk Wing, Temple Quay House, 2 The Square Temple Quay Bristol BS1 6PN
   (Tel. No. 0117 372 8000) www.planning-inspectorate.gov.uk

7. **If the condition of consent or reasons for refusal, make reference to a Division of the Department, the appellant may, if he so wishes, require the attendance of a representative from the Department by notification to the Local Planning Authority. Such a representative would not be liable to cross-examination on questions of departmental policy, but only on matters of fact and expert opinion in relation to the appeal site.**
8. **Where a vehicle is habitually drive across a grass verge or kerbed footway to and from premises adjoining a highway, the occupier of the premises may after being given due notice by the appropriate authority, be required to pay the cost of construction of a carriage crossing or the strengthening of a footway, as the authority considers it necessary, or may be required to comply with conditions imposed by the authority.**
9. **In the case of building or premises to which the public are to be admitted whether on payment or otherwise, attention is drawn to Sections 4 and 7 of the Chronically Sick and Disabled Persons Act 1970 and the associated Code of Practice (BS5810:1979). In the case of premises to which the Offices, Shops and Railway Premises Act 1963 or the Factories Act 1962 applies, attention is drawn to Sections 7 and 8A of the Chronically Sick and Disabled Persons Act and to the same code of practice. In the case of Educational Buildings, attention is drawn to Sections 7 and 8 of the Chronically Sick and Disabled Persons Act 1978 and to the Design Note 18 "Access for the Physically Disabled Educational Buildings".**
10. **If the development site is crossed by an electric line or is within 15 metres (50ft) of the nearest part of a line (measure horizontally along the ground) or if there is reason to believe that it may be crossed by an underground electric cable, the applicant should contact the Electricity Board to ascertain if and what special safety precautions are necessary.**
11. **The grant of planning permission does not entitle developers to obstruct a public right of way. Development on so far as it affects a right of way, should not be started, and the right of way should**

be kept open for public use, until the necessary order under Section 247 and 257 of the Town and Country Planning Act 1990 for the diversion of extinguishment of the right of way has been made and confirmed.
