**Notes**

**Attention is drawn to the attached notes:**

**Reasons for Granting Permission**

In granting permission for this development the Borough Council has taken into account all material planning considerations arising from the views of statutory and other consultees and public representations about the application, Government guidance as detailed in the National Planning Policy Framework and the saved policies of the Adopted Amber Valley Borough Local Plan 2006:

LS1 - Sustainability criteria
LS3 - Design
LS4 - Accessibility
TP1 - Impact on the Transport Network
TP6 - Parking
H12 - Design and amenity considerations
H5 - Housing development outside settlements
EN1 - Countryside
EN13 - Nature Conservation
EN7 - Landscape Character Areas
EN8 - Landscape Features
EN18 - Derelict, Unstable And Contaminated Land

**In detail:**

The National Planning Policy Framework (NPPF) is a material consideration in planning decisions. In accordance with Paragraph 38 of the NPPF the local planning authority has approached the decision making process in a positive way to foster the delivery of sustainable development and has worked proactively with the applicant/agent to secure a development to improve the economic, social and environmental conditions of the area.

Whilst the approval of this application would represent a departure from the Local Plan, the other material considerations are significant and in this instance outweigh the presumption against development in the countryside and provide justification to support the proposal. Despite being within the countryside the development is acceptable in terms of scale and character, makes efficient use of the land, a satisfactory access to the highway can be provided, there is a limited impact on the amenity of the area and there is no significant adverse impact on landscape features.
