

Existing First Floor Plan

Proposed First Floor Plan

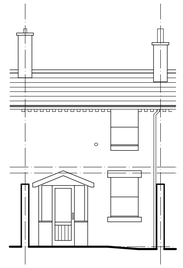

Note:-
All internal doors to be stripped of their hardboard coverings and restored to their original condition, including ironmongery.
The door leading to the new bedroom is to be a ledged and braced type door, to match the others, and fitted with similar ironmongery.

Any plaster repairs required are to be carried out on a like for like basis.

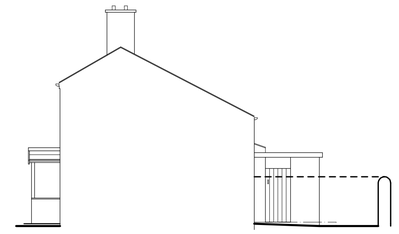

In clarification, there is no intention to replace any floor finishes.

All existing external stone paving slabs are to be lifted and set aside for re-use in relevant areas. This would mainly apply to the front patch as the rear area is mainly concrete slabs and concrete.

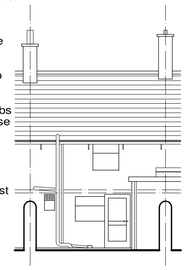

All new rainwater goods are to be cast iron, painted black, with guttering to the principal eaves fixed on rise and fall brackets.

NOTES:
All dimensions must be checked on site and not scaled from this drawing, any discrepancies to be reported.

In general, dimensions shown (mm) are between structural elements (brickwork/studding) and exclude for dry-linings, plaster, internal finishes, floor coverings etc unless stated otherwise.

This drawing is to be read in conjunction with all other relevant drawings, documents and calculations.
