TOWN AND COUNTRY PLANNING ACT 1990

In pursuance of the powers vested in the Amber Valley Borough Council under the above Act and Orders and taking into account Government policy and guidance and the saved policies of the Adopted Amber Valley Borough Local Plan 2006, and with reference to your application (**Office Code: AVA/2022/0446**) which was valid on the 26 May 2022 for permission for **Engineering works to create 3 level gradient areas and creation of a hard standing area at Land At Kirkham Lane Kirkham Lane Fritchley.**

In the manner described in the application and shown on the accompanying plan(s) and drawing(s) **NOTICE IS HEREBY GIVEN** that permission for the proposed development is **REFUSED for the following reasons:**

Conditions/Reasons

1. The proposed development would result in less than substantial harm to the significance of the scheduled ancient monument identified as Butterley Gangroad.

   The application site is a positive part of the scheduled ancient monument's setting and changes to the surrounding topography and landform would have implications for the understandings of the historical landscape resulting in harm to the character and significance of the site.

   The less than substantial harm is not considered to be outweighed by the public benefits of the proposed unit which is primarily for personal gain with minimum benefit of wider food production for the community. The proposal is therefore contrary to policy EN30 of the Adopted Local Plan, and Part 16 of the National Planning Policy Framework all which seek to conserve heritage assets and their settings.

The route must remain unobstructed on its legal alignment at all times and the safety of the public using it must not be prejudiced either during or after development works take place. Further advice can be obtained by calling 01629 533190.

In detail:

The processing of this planning application has been undertaken in accordance with the requirements of the National Planning Policy Framework (NPPF). Dialogue between the applicant and Local Planning Authority has been undertaken to try and address the issues associated with the proposal. This includes the request for amended plans/additional information and allowing a delay in the determination of the application to give the applicant the opportunity to address the concerns, however, the issues have failed to be resolved.
