AVA/2025/0678
Listed Building Consent for secondary glazing

- The following two slides show the existing and proposed elevation of the four windows for which internal secondary glazing is proposed (W1, W2, W3 and W4).
- Please note that the proposed addition of internal secondary glazing does not physically alter of change the existing windows therefore the elevations and windows remain as existing (there is no change). There is no proposal to change, amend or alter the existing windows.
