Notes
Attention is drawn to the attached notes:

1 Planning permission does not convey consent to work on or adjacent to the public highway.
Prior to any works commencing on site, including demolition works, the developer must obtain the highway authority's consent.
The developer must obtain a license under Section 184 of the Highways Act 1980 before commencing any works on the highway. Details are available at: www.derbyshire.gov.uk/transport-roads/roads-traffic/licences-enforcements/vehicular-access/vehicle-accesses-crossovers-and-dropped-kerbs.aspx or email highways.hub@derbyshire.gov.uk.

The deposit of mud or other items, and/or the discharge of water, onto the public highway are offences under Sections 149 and 151, Highways Act 1980. The applicant, any contractors, and the owner/occupier of the land must therefore ensure that nothing is deposited on the highway, nor that any soil or refuse etc is washed onto the highway, from the site. Failure to prevent this may force the highway authority to take both practical and legal action (which may include prosecution) against the applicant/contractors/owner or occupier of the land.

2 Evidence that these biodiversity enhancement measures required by Condition 5 have been implemented should be submitted to the Local Planning Authority.
