TOWN AND COUNTRY PLANNING ACT 1990

In pursuance of the powers vested in the Amber Valley Borough Council under the above Act and Orders and taking into account Government policy and guidance and the policies of the Amber Valley Borough Local Plan 2022/2040, and with reference to your application (**Office Code: AVA/2026/0345**) which was valid on the 29 May 2026 for permission for **Erection of oak framed orangery at The Coach House Leashaw Holloway**

In the manner described in the application and shown on the accompanying plan(s) and drawing(s) **NOTICE IS HEREBY GIVEN** that permission for the proposed development is **REFUSED for the following reasons:**

Conditions/Reasons

1. In accordance with Section 66(1) of the Planning (Listed Buildings and Conservation Areas) Act 1990, the Council is required to have special regard to the desirability of preserving a listed building, its setting and any features of special architectural or historic interest which it possesses.

   The proposed development, by reason of its scale, siting and design, would result in harm to the significance of the listed building. The proposal would obscure and dominate the courtyard elevation, diminishing the ability to appreciate and understand the historic relationship between the former coach house, stables and courtyard. In doing so, the development would conceal a substantial portion of the historic elevation, including features that contribute to the building's historic function, architectural interest and evidential value.

   The courtyard elevation represents the principal aspect through which the significance of the heritage asset is understood and experienced. The proposed extension would visually compete with and overwhelm this elevation, eroding its prominence and failing to preserve the special architectural and historic interest of the listed building. Furthermore, the introduction of a substantial oak-framed structure would appear incongruous and unsympathetic to the character and significance of the heritage asset.

The proposal would therefore fail to preserve the listed building and would cause harm to its significance. The Council has carefully considered whether this harm is outweighed by any public benefits arising from the development and concludes that no such public benefits have been demonstrated. The proposed reversibility of the extension and the submission of a programme of building recording do not mitigate or outweigh the identified harm, as neither measure would preserve the significance of the heritage asset.

Accordingly, the proposal fails to comply with Policy EN4 of the Adopted Amber Valley Local Plan (2022-2040), the heritage objectives of Part 20 of the National Planning Policy Framework, and Section 66(1) of the Planning (Listed Buildings and Conservation Areas) Act 1990. Planning permission is therefore refused.

Notes
Attention is drawn to the attached notes:

10. **The grant of planning permission does not entitle developers to obstruct a public right of way.
