Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. View government planning guidance on fire statements or access the fire statement template and guidance.
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or view government planning guidance on determination periods.

Description

Please describe details of the proposed development or works including any change of use

The property is classed as agricultural, our planning for a tractor shed/stable was passed on 7 June 2022, office code; AVA/2022/0511. We have excavated into our hill and retained with a 3m high Gabion wall as per design, we have completed foundation up to floor level and are ready to build structure. We have relocated our container, unaware we needed planning for this, from just inside our gate next to the road, to being in between the Gabion wall and the new tractor shed. This was to allow easier access to feed and shavings, also the container is not visible to anywhere outside the property. Our intent is to wood clad the container so it is "in keeping" with the look of the shed and stable. The container is secure and dry with no chance of vermin entering.
References to the submitted drawings are..
2201/03 Front elevation, the container sits on the LEFT of the shed, the top of it is slightly lower than the guttering.
2201/02 Proposed site plan, the container sits central in the area between the Gabions and the Proposed Agricultural Building, approx 8m from boundary fence.
2201/05 Section C-C, This drawing does not define the curvature of the Gabion wall, this curves around the front of the building, hiding approximately half of it. This is actually the view from the end of the road, only half of the building is visible and none of the container.
We wish to clad the container with reclaimed wood and stained to to give it a "weathered" look to compliment the shed and stable.
Our container was sited near the road, technically at 25 Bonsall Row, we did not think of needing planning permission to move it, an oversite on our part. Although it was a new container, it did not look very nice at the entrance of the property, when the building is complete, it will never be seen. (It will also save a 300ft walk to fetch shavings)
Our property is adjacent to this paddock and is classed Residential, whereas the paddock is Agricultural, this is how this issue seems to have arisen.
As before, we are grateful to the council for allowing us to build our little slice and are more than happy to work with any suggestions on the relocation of our container.

Supporting information requirements

Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.

Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.

Your local planning authority will be able to advise on the content of any assessments that may be required.

Biodiversity net gain

Biodiversity net gain

Biodiversity net gain is a legal requirement for planning permission introduced on 12 February 2024. All applications are required to either provide detailed information proving there will be a biodiversity increase; or explain why the requirement does not apply to the development.

Do you believe that, if the development is granted permission, the general Biodiversity Gain Condition (as set out in Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 (as amended)) would apply?

◯ Yes
⊘ No

Biodiversity net gain has been introduced as a general condition for planning permission. As set out in The Environment Act 2021: "grants of planning permission in England [are] to be subject to a condition to secure that the biodiversity gain objective is met". Therefore, in England, all planning permissions are generally subject to biodiversity gain rules, unless they are specifically exempt or out of scope.

If you have stated that the biodiversity net gain requirement does not apply to your application you must provide the reason(s) why, and may also need to supply evidence (especially where you believe the application is eligible for the 'de minimis' exemption).

Please add all the reasons why biodiversity net gain does not apply and enter a justification for each one

Reason biodiversity net gain does not apply:
Development site area of 0.2 hectares or below

Are there any priority habitats on or within 500m of your site?:
No

Can you evidence that you carried out a site assessment if the local authority disputes the presence of priority habitats?:
Yes

Please justify the reason why biodiversity net gain does not apply:
My container is being relocated approximately 40m from one part of my stoned driveway to another part of the stoned driveway.

Please read the help text for further information why developments may be exempt or not in scope.

Foul Sewage

Please state how foul sewage is to be disposed of:

☐ Mains sewer
☐ Septic tank
☐ Package treatment plant
☐ Cess pit
☐ Other

Do the plans incorporate areas to store and aid the collection of waste?

◯ Yes
⊘ No

Have arrangements been made for the separate storage and collection of recyclable waste?

◯ Yes
⊘ No

Trade Effluent

Does the proposal involve the need to dispose of trade effluents or trade waste?

◯ Yes
⊘ No

Residential/Dwelling Units

Does your proposal include the gain, loss or change of use of residential units?

◯ Yes
⊘ No

All Types of Development: Non-Residential Floorspace

Does your proposal involve the loss, gain or change of use of non-residential floorspace?

Pre-application Advice

Has assistance or prior advice been sought from the local authority about this application?

◯ Yes
⊘ No

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:
(a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

◯ Yes
⊘ No

⊘ Yes
◯ No

Is any of the land to which the application relates part of an Agricultural Holding?

◯ Yes
⊘ No

Certificate Of Ownership - Certificate A

I certify/The applicant certifies that on the day 21 days before the date of this application nobody except myself/ the applicant was the owner* of any part of the land or building to which the application relates, and that none of the land to which the application relates is, or is part of, an agricultural holding**

*** "owner" is a person with a freehold interest or leasehold interest with at least 7 years left to run.**

**** "agricultural holding" has the meaning given by reference to the definition of "agricultural tenant" in section 65(8) of the Act.**

NOTE: You should sign Certificate B, C or D, as appropriate, if you are the sole owner of the land or building to which the application relates but the land is, or is part of, an agricultural holding.
