AMBER VALLEY ROUTEWAYS

CRICH

Crich is a delightful old village in the heart of Amber Valley. Crich formed an important part of the pack horse route crossing the hills - see the stone troughs in the market place. Crich is also rich in natural minerals including limestone and lead.

Start - Crich Market Place (Grid Ref 349542)

1. Walk up Sandy Lane past the Baptist Church, (*beware of traffic*), and just after the Fire Station take the footpath on the left, sign-posted to Chadwick Nick. Continue straight ahead through the squeeze stile, through 5 small fields along the Tors.

To the right and behind you there are views of Crich Stand and St Mary's Church. Crich Stand is dedicated to members of the Sherwood Foresters Regiment.

2. Follow the footpath which turns left down the stone steps to the road. Turn left to walk along the road, *beware of traffic*. After ½ mile, take the footpath on the left sign-posted to the Common. Cross the road, *beware of traffic*, and follow the road almost opposite (Fritchley Lane). Continue down the lane into Fritchley village. At the Green, travel straight ahead to follow Bowmer Lane which bears to the right and then drops down the valley.

3. Follow the footpath which skirts the Sewage Works and cross the footbridge. Continue ahead, keeping to the boundary on your left. Cross the second footbridge and travel along the field parallel to the railway line.

At the end of the field do not take the stile to go across the railway line but turn left to go up the hill, keeping the hedgerow on your right. You will travel through 4 fields with the hedge on your right.

4. Go over the stile hidden in the hedge and turn left to continue up the hill. Cross the road, *beware of traffic*, and follow the track opposite.

Continue straight ahead over the stiles until you come to a woodland on your left. Do not take the stile into the woodland. Climb over the stile ahead and turn right, keeping the field boundary on your right.

5. At the gate and squeeze stile turn right. This bridleway has walls and hedges either side. Follow this main bridleway through the gate, bearing left as it winds down the hill.
6. After ½ mile, just after the track bends to the right, you reach a stile on your left. Ahead of you there are good views of Wingfield Manor on the sky line. Climb over the stile, continue straight ahead (keeping to the hedge on your left) to the stile next to an oak tree. Go over the stile and travel through the woodland. The path is uneven in places. Keep to the path which passes by the pond. At the stone wall, climb over the stone stile and bear right towards a stile.
7. Do not cross the stile but turn right to double back into the woodland. Follow the path as it passes the ruin of a house and through a field. The public footpath is well waymarked and leads through a lawn and along a driveway which leads on to the road.
8. *Beware of traffic*. Turn right at the road and then almost immediately cross the road to take the footpath opposite. Climb up the hill for ½ mile, keeping to the hedge/stone wall on your left. At the crest of the hill the path continues straight ahead. Follow it, keeping to the boundary on your right. This footpath leads towards Wingfield Manor. There is no

public access to the manor from the route you are following. Follow the footpath as it heads downhill to the right of Wingfield Manor. At the junction turn left to follow the bridlepath north which bears left and eventually leads to the road (B5035).
